

Worked All Zones Award Rules

Section 1. Introduction

The CQ Worked All Zones Award (WAZ) and its variations are issued to any licensed Radio Amateur Station presenting proof of contact with all 40 CQ Zones.

This proof consists of proper QSL cards; which in many cases may be checked by any of the authorized check points or sent directly to the WAZ Award Manager. (List of authorized check points is included elsewhere in these rules)

The WAZ program is one of the longest running in ham radio, having its start prior to WWII.

While the WAZ program involves the use of "DX Entities," it does not rely on any particular "Entity's" status as a country. The WAZ award is geographically focused, which is where its challenge lies.

WAZ Award correspondence can be directed to the WAZ Award Manager:

John Bergman, KC5LK
125 Deer Trail
Brandon, MS 39042-9409 USA
e-mail: kc5lk@cq-amateur-radio.com

Application Form, Rules and Zone Map are available in .PDF format from the CQ Magazine WAZ Rules web page

This information is also available from either the WAZ Award Manager or CQ Magazine in hardcopy. Mail your request for WAZ information to either of the addresses shown above. The preferred method is by email to the above email address with "WAZ information request" as the subject line. A printed copy is available by enclosing a business size SAE with two units of postage (for US stations) or \$2.00 (for non-US stations) with your request. Please indicate on the back of your envelope "WAZ Info Request" so we can spot your letter more easily and reply quickly.

Section 2. General Rules

All QSO's must be made by a licensed Amateur Radio Operator, from a licensed Amateur Radio station, using only modes of emission and transmitter output power as permitted by the local licensing authority. QSO's with stations other than Radio Amateur (such as MARS, Commercial or Military) are ineligible for the WAZ award.

All QSO's must be conducted within the radio spectrum as authorized for that licensee by the local licensing authority

Any WAZ applicant found to be operating outside the bounds of their license may be disqualified from the WAZ program.

All contacts must be made from within the same DXCC Entity.

QSO's made by the same applicant using previous call signs from that same DXCC entity are acceptable. Proof of holding those previous call signs is requested.

The Official CQ WAZ Zone Map and the printed zone list are used to determine the zone in which a station is located.

If a problem is found with your application or QSL cards, we will attempt to contact you via e-mail to inform you of the issue and attempt to resolve it with you. We REALLY don't want to return your application if we don't have to.

The submission of any WAZ award application acknowledges consent to abide by the decisions of the CQ WAZ Manager and the CQ Awards Committee.

Decisions of the CQ DX Advisory Committee on any matter pertaining to the administration of this award are final.

Section 3. QSO's and QSL's

All QSO's must be two-way with both stations using the same mode of emission.

QSL Cards must include:

1. Callsigns of both stations
2. Date of QSO
3. Time of QSO (UTC preferred)
4. Band or Frequency of QSO
5. Mode of QSO
6. The QTH of the station worked (country, state, city). Indication of the CQ zone is optional

QSL Cards not including the information above may be returned to the applicant for replacement, and not credited towards the WAZ award.

Electronic verifications from sources approved by CQ are acceptable. See the CQ website for acceptable online sources.

Ineligible QSOs:

Cross-Band
Cross-Mode
Aeronautical Mobile
Maritime Mobile
Stations located on floating ice
Ships anchored in port

Any altered or forged confirmations submitted by an applicant for WAZ credit may result in permanent disqualification. The WAZ Manager may request the resubmission of certain confirmations. While a QSL card is normally accepted as proof of a contact, the final proof is an entry in the DX station's logbook for the listed QSO.

The failure to resubmit QSLs in a timely manner when requested by the WAZ Manager may result in the recall of the award in question.

All-Remote	1 January 2015	Yes	See Note 5

Note 1: The process of endorsing a CW/Phone WAZ Award has been discontinued. The old CW/Phone WAZ Award has been renamed MIXED Mode WAZ.

Note 2: This WAZ award is designed to encourage activity and experimentation using any of the digital modes available to amateurs. The list includes, but is not limited to, PSK-31, AMTOR, PACTOR, and Spread Spectrum. QSL cards must indicate the specific mode used for the QSO. RTTY does not count for this award, as it has its own award. This award will not be endorsed for any specific digital mode. You may elect to use a single digital mode or different digital modes in working toward this WAZ award.

Note 3: The 160 Meter WAZ Award requires that the applicant submit QSL cards from at least 30 zones. Endorsement stickers are issued at the 36, 37, 38, 39, and 40 zone levels.

Note 4: The Satellite, EME and 6 Meter WAZ Awards require that the applicant submit QSL cards from at least 25 zones. Endorsement stickers are issued at the 30, 35, 36, 37, 38, 39 and 40 zone levels. The Satellite and EME Awards are not band specific; you may apply QSOs from multiple bands. **Applications and cards for these awards must be submitted to the WAZ Award Manager.**

Note 5: There are three technology categories recognized for the WAZ Award: Traditional, Remote and All-Remote.

- a. Traditional - The operator is physically present at the station location (location of transmitter, receiver and antenna) for all contacts. All contacts must be made from within the same DX entity.
- b. Remote - The operator uses remote station technology to make one or more claimed contacts on or after January 1, 2015. All contacts must be made from within the same DX entity. Remote WAZ awards will be numbered separately from Traditional awards.
- c. All-Remote - The operator uses remote station technology on or after January 1, 2015 to make *all* claimed contacts. All contacts must be made from within the same DX entity. All—Remote WAZ awards will be numbered separately from Traditional and Remote awards.

Special Endorsements

All CQ DX Awards, USA/CA and WAZ Awards (except 5BWAZ and 160 WAZ) may be endorsed for unique situations, as provided for in the rules for each specific award, such as all

QRP or all mobile provided the application includes an additional signed statement from the applicant that so states it was done via QRP or /M.

There is no special numbering system for these awards and they must still meet all the other requirements for CQ Awards.

5 Band WAZ

Applicants who succeed in presenting proof of contact with the 40 zones of the world on each of the 80, 40, 20, 15 and 10 Meter bands (for a total of 200) receive a special certificate in recognition of this achievement. There are separate numbering tracks for Traditional, Remote and All-Remote 5BWAZ Awards.

NOTE: A prerequisite for 5 Band WAZ is that the applicant must already be a holder of any 40-zone WAZ. THE NUMBER, DATE, AND AWARD TYPE MUST BE INDICATED ON THE 5BWAZ APPLICATION

The first plateau is a total of 150 zones across any combination of the 5 bands listed above. A certificate will be issued with a unique award number, indicating the initial number of zones confirmed.

After reaching the 150 zone plateau, each 10 zones requires the submission of QSL cards and the application fee.

Upon reaching 200 zones confirmed, the applicant will be issued a 200 zones endorsement sticker to affix to their 5BWAZ certificate that was previously issued. No other endorsement stickers are issued.

Upon reaching the 200 zones level, the applicant may wish to purchase an engraved plaque to acknowledge the achievement.

MODES: Mixed Mode ONLY. The 5 Band WAZ Award is not available for any single mode.

QSLs accepted: Contacts for Traditional 5BWAZ must have been made after 0000Z January 1, 1979. Contacts for Remote or All-Remote 5BWAZ must have been made after 0000Z January 1, 2015.

Card checking: Checking of 5BWAZ awards by CQ awards checkpoints is available **for initial applications of up to 170 cards.**

Applicants wishing to submit more than 170 cards may do as follows:

Submit 170 cards to a checkpoint. Once these cards are approved and the application is signed by the checkpoint, another application can be prepared for the additional cards (as an endorsement). The original application (signed by the checkpoint) must be submitted along with the endorsement application and cards to the WAZ Award Manager.

ALL QSLs TO ENDORSE A 5BWAZ AWARD MUST BE PRESENTED TO THE WAZ AWARDS MANAGER

Application forms: CQ form 1479 or a facsimile shall be used. A separate application form is required for each band.

NOTE: For Multi-band QSLs please include a summary sheet indicating the callsign and bands for each particular card. This will aid in checking of QSL cards.

Submitting the Application Form

PLEASE COMPLETE THE APPLICATION FORM USING BLOCK LETTERS OR TYPE THE APPLICATION. THE INFORMATION MUST BE LEGIBLE.

Submit only ONE award per application. Each application must be accompanied by the appropriate application fee or it will not be processed. See the Processing Fee Schedule.

If you are a CQ Subscriber, include the mailing label (or photocopy) of your most recent issue of

CQ Magazine with your application.

QSL "Credits" for use in other WAZ Award Applications

Single Band WAZ awards may be applied for credit on a 5BWAZ application.

Due to the high level of interest in the WAZ program we are no longer able to offer "Credits" of confirmations on future WAZ applications.

Plaques and Certificates

WAZ Certificates and Plaques are mailed 150-180 days after processing of your application.

Plaques and Certificates are processed from CQ's office in New York, not by the WAZ Award Manager or Check Points.
