## QRM

After a disappointing 6M season, I decided to try Marathon. With attic dipoles it proved challenging, frustrating and exhilarating . . . **K9HWL**. 2nd year in Marathon . . . **W2WGK**. After taking several months off from the radio towards the beginning of the year, I only had a couple dozen countries worked on 10M before the middle of September when the band got hot. . . . **N0AH**. Always great fun chasing DX for the Marathon . . . **WA4JQS**. Always interesting to see the results. Thanks! . . . **W9ILY**. Another good year for sunspots and propagation, especially the crazy period around CQ WW. Missed a few countries this year, some while my tribander was on the ground being repaired, others due to not having quite enough ERP to break the pileups . . . **ZL2IFB**. Another year of excitement and friendly competition. Great event, thanks for running it . . . **VK4CC**. Best year yet! . . . **K6YK**. Enjoy this every year! . . . **NK0S**. Enjoyed it all year! Looking forward to 2014 . . . **W3ZJ**. Fabulous to have this new reporting program worked out. Thanks, all . . . **W4VIC**. First participation in Marathon after many years of radio. I enjoyed it . . . **IK2QPR**. First time and enjoy this event . . . **YC1CWK**. First time entry . . . **KI0J**. First time entry . . . **KS0T**. First year submittal . . . **WC3W**. Great idea! . . . **VY2MP**. Had a decent go at the Marathon this year. Well pleased with my score. Most enjoyable contest yet again . . . **VK3HJ**. I could have done better if I hadn't the antenna down for 3 months. I hope a better score in 2014 . . . **IK2DJV**. It was a very big effort for me to chase DX and contact them with only a multiband vertical antenna and less than 100 watts output but I really enjoyed it very much . . . **YV5EN**. Included EZ8BP just in case. I actually exchanged emails with him! . . . **K2TQC**. It is always fun to be in this marathon contest each year . . . **JA0DAI**. It's my second time to participate in CQ DX Marathon. It was real fun but I was not concentrating on regular DXCC countries and missed some easy ones . . . **UA3AGW**. Just need more spare time to get a better score. Great fun see you again next year . . . **YV6BXN**. Missed many entities due in part by minor health issues but I had another fun year of DXing . . . **N4KW**. Missed many Pacific activations and a few easy ones. Very happy with claimed score of 276 . . . **E73Y**. Missed quite a few that were QRV on CW, and frustrated by the many on SSB but not CW. But pleased with CW only score . . . **W4QN**. My best year ever. Most number of Q's and DXCC's. Band has been in great shape all year and had great fun on the HF bands. Roll on . . . **GI4SJK**. My first ever DX Marathon entry, what a blast! . . . **NV5E**. My first Marathon Entry . . . **KG5VK**. My friend

told me about this annual event. CQ DX Marathon makes DXing activity still alive. . . . **YC0QR**. My year on QRP! Max power output was 5 watts on Digital and CW . . . **VU2LBW**. New All-Time Mixed Best . . . **W6XK**. Not very active this year although putting up a 2ele Steplr in October caused lots of activity chasing 12m & 17m . . . **N5PG**. Thanks for running the exercise. I missed at least a dozen this year. Now we can start all over again . . . **AI2C**. Thanks for the acceptance of my log . . . **YB1LZ**. Thanks once again. It's hard to believe that this is my 8th entry. The Marathon still feels new . . . **W4CU**. This contest is really fun, not a big gun operator but sure had fun trying to work new countries each and every day . . . **N7RD**. This is my first entry for CQ DX Marathon . . . **YB2LSR**. This was my best year yet for the DX Marathon since its inception working all 40 zones (all CW) and 235 (229 on CW) countries. I missed many good ones that would have really helped . . . **K8CQ**. This year really started in the fall here on the West Coast. . . . **W8DX**. Thanks all for the QSOs during 2013. Save ham radio, save the environment - use digital QSL . . . **PY2RN**. First timer. This sure made the year more interesting . . . **AA8R**. It was a busy year for me, and I was not able to get much "air time" due to other commitments. I hope that 2014 is better for me . . . **KF6ILA**. Thanks very much! I really enjoy the Marathon. I'm even less of a sprinter these days as the years rack up! . . . **ZL2IFB**. It was an enjoyable year chasing DX. Wish a lot of the stations would operate SSB instead of all CW . . . **N4ANV**. Many thanks for the opportunity to participate . . . **VK8HPB**. This time I tried CW only, but the result is not too good as many were missed. I will try CW only once more and hope for better result . . . **UA9FAR**. Best results for me since contest inception. Not bad considering my severe antenna restrictions. Don't ever let someone with CC&R restrictions say they can't work DX . . . **K8CQ**. I've just finished putting a lot of hours into the checking. Hoping for an error free log. It was great fun this year once again. I would have to say there were more serious competitors than ever before - that's great! . . . **W9KNI**. In typical fashion I found several of the more common entities missing when it came time to tally up. I have to pay more attention to my need list . . . **W4VQ**. Nice event . . . **CE4KCA**. Many thanks for running the exercise. Now we can start all over . . . **AI2C**. Unfortunately 2013 was an off radio year . . . **PY2ADR**. Worked WAZ in only 6+ days; my previous record was doing it in 8 weeks! . . . **N8DE**.
